**Bid Amendment No. 1**

Dear Sir/Ms.:

Please make the following changes to your Bid Package:

Add the attached one page entitled "Special Provision Section 105 General Scope of work (Environmental Requirements)" Dated 5/24/04.

Add the attached two pages entitled "Special Provision Section 656 Temporary Soil Erosion and Water Pollution Control."

Add the attached Summary Sheet entitled "Permits & Cultural Resources Unit" one page total.

Consider these changes prior to submitting your bid on July 14, 2004.

Sincerely,

 FOR  
Scott Bickford  
Contracts & Specifications Engineer

SPECIAL PROVISION  
SECTION 105  
General Scope of Work  
(Environmental Requirements)

Essential Habitat Work shall not be allowed between the dates of Feb.1 and July 14.  
(Essential Habitat work is allowed from July 15 to Jan. 31.)

During the Essential Habitat work window restriction, all activities are prohibited within the designated area, see attached map.

No construction activity, whether temporary or permanent, is allowed within the designated area until July 15.

| [Parking of construction equipment and vehicles is prohibited within the designated area before July 15.](#)

Special Conditions: Essential Habitat work shall be conducted only during the window given above.

The contractor shall abide by all permits and conditions.

## **SPECIAL PROVISION**

### **SECTION 656**

#### **Temporary Soil Erosion and Water Pollution Control**

Supplemental Specification 656 of the Standard Specifications is deleted and replaced by this Special Provision.

The following information and requirements will constitute the Soil Erosion and Water Pollution Control Plan for this Project. The soil erosion and water pollution control measures associated with this work are as follows:

1. All work shall be done in accordance with the latest revision of the Maine Department of Transportation Best Management Practices for Erosion and Sediment Control (a.k.a. Best Management Practices manual or BMP Manual). The "Table of Contents" of the latest version is dated "1/19/00" (available at <http://www.state.me.us/mdot/mainhtml/bmp/bmpjan2000.pdf>.)  
**Procedures specified shall be according to the BMP Manual unless stated otherwise.**
2. The on-site person responsible for implementation of this plan, shall be the Contractor's Superintendent or other supervisory employee (the "Environmental Coordinator") with the authority to immediately remedy any deficient controls and shall provide the Resident with their numbers (telephone number, cellular phone and pager numbers, if applicable) where the Environmental Coordinator can be reached 24 hours a day.
3. All areas where soil is disturbed shall be permanently mulched on a daily basis and seeded on a weekly basis (if seeded by hand, it shall be done on a daily basis). All previously mulched areas shall be maintained and remulched on a daily basis if bare areas develop until an acceptable growth of grass has been obtained.
4. All disturbed ditches shall receive erosion control blanket or stone rip rap prior to leaving the site each day.
5. If the Work includes the handling or storage of petroleum products or Hazardous Materials including the on site fueling of Equipment, the Resident must be provided with a Spill Prevention Control and Countermeasure Plan (SPCCP) plan. At a minimum, the SPCCP shall include:
  - The name and emergency response numbers (telephone number, cellular phone and pager numbers, if applicable) of the Contractor's representative responsible for spill prevention;
  - General description and location of (1) handling, transfer, storage, and containment facilities of such products or Materials ("activities and facilities") and (2) potential receptors of such products or Materials including oceans, lakes, ponds, rivers, streams, wetlands, and sand and gravel aquifers ("sensitive resources") including the distances between said activities and facilities and said sensitive resources;

**SPECIAL PROVISION**

**SECTION 656**

Temporary Soil Erosion and Water Pollution Control

- Description of preventative measures to be used to minimize the possibility of a spill including Equipment and/or Materials to be used to prevent discharges including absorbent Materials,
  - A contingency response plan to be implemented if a spill should occur including a list of emergency phone/pager numbers including the Contractor's representative, MDEP Spill Response, the Resident, and local police and fire authorities. For a related provision, see 105.2.2 - "Project Specific Emergency Planning".
6. The Environmental Coordinator must inspect and maintain daily all controls for the duration of the project.
  7. Any costs related to this plan shall be considered incidental to the contract.
